Cases Produced: 992

2024 Arcturos Pinot Noir Rosé

Black Star Farms is located on the same 45th Parallel that runs through some of the world's great wine regions. Our unique "lake effect" climate allows us to produce classic varietal wines that truly express our dynamic wine region. Fruit is sourced from both the proprietor's vineyards and those of local grower partners on the Old Mission and Leelanau Peninsulas. This diversity allows us to obtain consistent quality across vintages.

Vintage Overview

The 2024 growing season was another one for the books! We had a mild but sunny spring, with plenty of sun and heat throughout the summer, and a substantial drought extending from mid-July through mid-September. We had little rain in September, so disease pressure remained lower than usual until mid-October, making it ideal for mid-season harvesting. Our vineyard crews' dedication to canopy management is a key factor in the high quality of our fruit.

Tasting Notes

Aromas of watermelon and hibiscus, accompanied by notes of rich, ripe strawberry on both the nose and palate, harmoniously coalesce with flavors of pomegranate to create a vibrant and bright dry rosé.

Thoughts for Food

This wine will shine with various appetizers, fresh salads, light pasta dishes, grilled fish, roasted meats, and more!
